EMIGRATION COMMITTEES MEET

The committees appointed by the Town
Council and Lorne Agricultural Society,
to further the immigration scheme, held
a meeting in the Council Chamber on
Monday afternoon last. Mr. Thos. Mc-
Kay was appointed chairman and Mr. J.
R. McPhail secretary.

Moved by J. Stewart and seconded by
J. F. Betts that the Dominion Govern-
ment be requested to subdivide and open
for settlement that portion of the Saskat-
chewan district lying to the north of the
North Saskatchewan river in the vicinity
of Prince Albert, being townships 49 and
50, ranges 1 to 6 inclusive, and township
51, ranges 1 to 5. Carried.

Moved by J. R. McPhail, seconded by
J. Macarthur and adopted that a compe-
tent agent or agents be engaged to visit
the Eastern Provinces, to arrange for an

or as soon after as may be considered
desirable, and that such excursion should
be well advertised in the localities from
which the excursionists start; also that
correspondence be at once entered into
with the C. P. R. company with the ob-
ject of getting a free pass for such agent
or agents, and a cheap excursion rate.

of such agent do not exceed \$5 per day,
and such sum shall include sundries.

J. Stewart that Thos. McKay and J. R.
McPhail be requested to see Major Hocky,
M.L.A. for Kinistino, and Mr. Mitchell,
M.L.A. for Batoche, to arrange that our
agent and the agents they may send will
work together in getting up excursions,
and in other matters connected with
immigration to this district, and that
they be authorized in the name of this
committee to ask Messrs. Hocky and Mit-
chell to contribute to this immigration
fund in the same proportion as the mem-
bers for Prince Albert have done.

Moved by John Stewart seconded by
J. F. Betts, that the Dominion Govern-
ment, through our member, be request-
ed to provide immigration sheds in
Prince Albert, to accommodate the expect-
ed influx of immigrants. Carried.

Moved by Mayor Knowles, seconded
by John Stewart, that the Dominion
Government be requested through our
member, to establish an Experimental
Farm in this district at an early date.

wan, through Mr. Macarthur, was laid
over to be considered at the next meet-
ing.

The meeting then adjourned to meet
on Monday 28th inst., at 2 p.m.

It is only by the most careful attention
to every detail of our local industries that
perfection can be reached. A short time
ago we pointed out that the results from
the hen department were not at all satis-
factory. This no sooner reached the ear
of the fowling portion of our workers than
one belonging to our esteemed townman
Mr. Stull produces for its owner's table
an egg measuring 6½ x 7½ inches.

FRIDAY, APRIL 25, 1890.

We are pleased to notice the active
steps now being taken by our agricultural
society and town council in the matter
of immigration. An energetic policy on
their part will entitle them to the thanks
of every citizen. In referring to this
question some weeks ago we remarked
that the public looked to these represent-
ative institutions for action. Their first
joint meeting shows that they believe
the people are at their back. No half
way measures would be listened to.
The most important step taken at the
meeting was the unanimous decision to
employ an agent to visit eastern coun-
tries in the interest of our district. Some
members of the committee were prepared
to go even further than this, and suggest-
ed the importance of getting, in addi-
tion to the agent referred to, some good
man, qualified by acquaintance, etc., to
visit the Old Country with the same
object. The importance of the several
steps already taken will be fully demon-
strated before a twelve-month. The N.
W. Territories represent a large area,
and special action on our part is demand-
ed if we hope to overcome the injury
already done this much favored district
from the want of railway connection.

The N.W.M.P. report goes far to show
that the Dominion Government were wise
in intimating that after the next election
our Local Legislature would have in-
creased power to deal with the liquor
question. From nearly every quarter
comes definite opinions, from those inter-
ested in the carrying out of the law, that
the present system has outlived itself and
that something more in accord with the
present circumstances of the Territories
must be developed. In this report near-
ly every settlement of importance within
the Territories, excepting our own, has
violations of the present liquor provisions
recorded against it, and in many cases
the violations are altogether too numer-
ous. Simply because we are free from
evil report in this connection, it would
hardly be fair, after a careful reading of
the report, to argue that the present sys-
tem is not behind the times as stated by
responsible officers of the force. Finding
ourselves almost alone in conforming to
the law, it is almost in vain to hope that
our local influence will be sufficient to
retain it in its present shape. Speaking
from a purely local point of view we feel
justified in saying that in many respects
the present system has proved of benefit
to Saskatchewan, at the same time (the
police report notwithstanding) we feel
that a change of some kind is an actual
necessity in so far as the thickly settled
portions of the district are concerned. It
is charged that illegal selling is common;
if such is the case, the fact of its being
done in a way to avoid punishment makes
it the more dangerous, and emphasizes
the contention that it should be placed
in some position where those direct viola-
tions, if they exist, would be more care-

fully guarded against. The figures in-
cluded in the report as representing the
amount of liquor imported by residents
of the town alone go far to favor the im-
portance of our gaining a local revenue
from the importations.

Mr. Betts, being summoned to a meet-
ing of the Advisory Board on the 30th
inst., left by last mail. Loss of time
from business and a hard trip over the
trail at this season of the year is fairly
good evidence that Mr. Betts takes a
keen interest in doing what he believes
will be of benefit, not only to Saskatche-
wan, but to the electoral district which
he represents.

We trust the Town Council will not
lose sight of the shade tree question,
and that they will at once appoint a com-
mittee to devise the best means of carry-
ing out our suggestion. The system of
giving a small rebate in taxes on all trees
alive at the end of two years has proved
a good one in Ontario, and we fancy
would be equally good here. Again we
urge on the Town Council the impor-
tance of taking immediate action on this
question.

Mr. Dewdney, Minister of the Interior,
and Sir J. Macdonald, both gave positive
assurance to the committee on Thomp-
son's Bill to amend the criminal law.
The most important part to the Territo-
ries, being the clause to prevent polygamy
that after the most searching enquiry
they had found that reports in circula-
tion relative to the practice among the
Mormons, at Lees Creek, N.W.T., were
absolutely groundless. Sir John stated
that before these people settled in the
Northwest several had killed upon him
in Ottawa and told him that they had
been harshly used in Utah, not only on
account of their marriage views, but the
prejudice against them generally. The
clause was passed.

THE CRICKETER'S CONCERT

The concert given by members and
friends of the P. A. Cricket Club, in the
Presbyterian church on Friday evening
last proved an unqualified success in
every particular and was the means of
comfortably filling the hall with an ap-
preciative audience. The different
numbers, all well given, were very pleas-
ing selections, and were heartily received.
We trust the flattering results will en-
courage the promoters to frequent like
efforts in the future.

An interesting programme was carried
out without scarcely a perceptible hitch.
The opening and subsequent choruses,
by members of the club, Messrs. Neely,
Clarke, Starforth, Agnew and Parker,
were deservedly well received. An in-
strumental duet, violin and cornet, by
Messrs. Way and St. Louis, was exceed-
ingly well rendered, and drew warm ap-
plause. Mr. Norman, whose name was
opposite the third number, was unfortu-
nately absent, and it is needless to say
he was greatly missed. An artistically
rendered piano duet by Mrs. Davison
and Mr. Cann, delighted the audience,
and was followed by Mrs. McGuire's solo
"Will He Come," which procured an en-
thusiastic recall for that lady. Miss
Stewart, whose first appearance before a
Prince Albert audience created a most
favorable impression, sang very sweetly
a charming lull-a-by song and justly
merited the hearty reception she received.
Mrs. Davison, than whom there is no
more popular lady vocalist in town, added
fresh laurels by the finished rendition
of her selection. Of the remaining parts
in the programme the mere mention of
the several artists names is sufficient
guarantee that they did their share in
making the affair such a success. Mr.
Way's violin solo was a clever effort, and
Mr. Johnson's singing in the song "Out
of the deep" was thoroughly enjoyed by
the audience. The piano solo by Mr.
Cann was very pleasing and a rich treat
to those present. The concluding num-
ber, a quartette by Miss F. Mair, and
Messrs. Neely, Clarke and Johnson, was
very well rendered and added very ma-
terially to the evenings enjoyment.

One pleasing feature of the evening
was the good sense of the gentleman
singers in refusing to respond to the in-
evitable encore, etc. The ladies, however,
were not so fortunate in their refusals and
were all compelled to respond.

GENERAL NEWS.

A. W. Ross, M.P., arrived in Winnipeg yesterday from Ottawa on a flying business visit to meet his partner Mr. Chaplin, of Vancouver, who also reached this city by the evening train. The member for Lisgar looks stout and hearty, and evidently his parliamentary duties do not disagree with him. In an interview Mr. Ross said that the session would probably last three or four weeks longer, as there were some important questions to be brought up. The most important, of course, said Mr. Ross, "so far as the Northwest is concerned, are the Hudson Bay road and immigration." Mr. Ross went on to say that the prospects were very bright indeed for the Hudson Bay road. "In my opinion the assistance asked for, in view of the fact that all that is sought by the company, only amounts to \$176,000 a year interest, will be granted. All the members from Manitoba and the Northwest have been working strenuously ever since the opening of the session to secure the required aid from the Government, and they have not yet ceased their efforts. It is gratifying to know that there is every indication that their efforts will be without some results. As you know a majority of the members of both the Commons and Senate have already signed a memorial to the Government to aid the road, and there is a clear majority in favor of it now. The whole matter rests with the Government and especially with Mr. Dewdney, Minister of the Interior, who as the Northwest representative in the Cabinet is taking hold of this important subject most energetically. He evidently realizes the great importance of the construction of the H. B. road at an early date is to the Northwest and to the whole of Canada.

Preparations for the resumption of the evictions from the Ponsonby estate at Youghal County Cork, on Monday are complete. One hundred and seventy writs have been served, and the prospective evictees are every bit as determined to remain where they are as the bailiffs and constabulary are resolved to oust them. In view of this mutual tenacity of purpose it is difficult to see how bloodshed can be averted.

BERLIN, April 13.—It is understood that Chancellor Von Caprivi will at the opening of the session of the new Reichstag make important reference to the policy of Germany in Africa, the relations of Major Wissman toward the British East Africa company and departure of Emin for the interior in Germany's service.

BERLIN, April 12.—A remarkable operation for consumption has taken place before the surgical congress here. The interior chest wall and the lower wing of the affected lung were removed and the heart could be seen beating in the cavity of the chest. The patient is doing well, and the congress declares that consumption is curable.

OTTAWA, April 12.—Private Simpson of the Royal Grenadiers, has been struck off the Wimbledon team for not putting in regular drills. Great pressure is being brought to bear, by a few waiting men, who hold Government positions, to get what they call pot hunters out of the way.

WASHINGTON, D.C., April 13.—This afternoon seven senators—Hawley, Hale, Squire, Allison, Gray, Gibson and Manderson—sent complimentary messages to Henry M. Stanley through Col. Geaurand Edison's European partner. The messages were spoken into a phonograph and will be repeated to Stanley at a dinner to be given him by Col. Geaurand on his arrival in Paris.

At the recent meeting of the Home Mission Committee, of the Presbyterian Church in Canada, held in Toronto, fifteen new missionaries were appointed to labor in different fields throughout the Northwest Territories. Documents were received from the Presbytery of Regina with reference to the mission at Prince Albert, N. W.T., the Rev. Dr. Jardine, missionary there, having recently issued a circular intimating his withdrawal from the church because of the action of the committee in deducting his grant. These were submitted to a sub-committee, which at a later stage presented a report containing the two following recommendations: Even had the charges of fraud on the part of the committee of the General Assembly, made in the circular sent abroad by Dr. Jardine, been well founded, it is a matter of surprise and regret to the committee that Dr. Jardine should have made this attack without first having communicated with the committee and remonstrated with them regarding the alleged breach of

faith. The committee, however, agrees to take no further action in regard to the circular. The action of the committee in regard to the grant to Prince Albert was in line with its actions in other cases. From the beginning it was expected by the committee as expressed at the date of Dr. Jardine's appointment, that the proportion of the salary contributed by the congregation would be increased, which was conceded by the presbytery at the period of his induction. It being made evident, now this expectation had not been realized, the committee, so far from repudiating its engagement, agrees to pay the balance due to make the grant at the rate of \$600 per annum for three years.

COPENHAGEN April 13.—A prominent soap manufacturer of this city, named Philipson, was arrested yesterday for complicity in fraudulent insurance. Today he confessed that he strangled a clerk named Meyer, who had been missing since January 7th, and shipped his body to America in a packing case.

HART, Mich., April 13.—Friday night Mrs. Sheriff Cooper went into the jail to give the prisoners a light. James Waldron awaiting trial for forgery, struck her two blows over the head with a stick, his purpose being to escape, but she dropped the lamp and struck fairly out from the shoulder, catching Waldron on the point of the jaw and knocking him out. Then she dragged him into a cell and locked him up. Mrs. Cooper's head was badly cut.

The Boys that fit at Batoche.

I like to hear the Grenadiers.
The boys, I mean, who swept the West,
Stand up and tell of scenes of war.
With kindling eye and martial crest.
Of fearful scenes that they've gone thro',
Of things they did and didn't do:
"Bejingo, we were at Batoche,
And fit at Fish Creek, too, by gosh!"
I like the flush of honest pride,
I like to mark their cocky air;
I like the broad and swelling breast,
The forage cap set on a hair.
You talk to them of Cut Knife Hill,
The answer thro' your soul will thrill,
"Bejingo, we were at Batoche,
And fit at Fish Creek, too, by gosh!"
And when they climb the golden stairs,
And meet the men of Waterloo;
And they begin to tell of how
They made old Bonaparte look blue.
The boys will simply wait a while,
Then answer with a pitying smile:
"Bejingo we were at Batoche,
And fit at Fish Creek, too, by gosh!"
